

The words of Ater, a senior at Bishop Grimes, are a true testament to the Society's transformative impact:

"I am grateful that the Guardian Angel Society welcomed my family into their community. The tuition assistance allowed us to attend school at the Cathedral Academy at Pompei and Bishop Grimes." The education we received at these schools gave us a shot at a great future and it kept us close to our faith. I would like to thank the Society and all of you. Without this program, my life would not be what it is today. As one of Father Champlin's children, I am blessed and grateful to share what I have gained and I look forward to being a mentor myself one day."

Ater Ater

Imagine if we could help more students like Ater and how that would change their lives and our community for the future! There has never been a greater need for people like you to partner with the Guardian Angel Society and make a positive impact on the lives of at-risk youth. Please join me in creating a bright future for these kids, either by making a donation or offering your time to mentor a student.

With gratitude,
Kathy Fedrizzi, Executive Director
